👤 PROFILE

Contemporary Web Design graduate passionate about front-end design and development. Real-world project experiences, having led multiple projects to completion. Proficient in a range of modern technologies including JavaScript, React, PHP, and WordPress.

🏢 PROJECT EXPERIENCE

Web Developer, Oshawa

April 2020 — May 2020

Accomplished a site for equipment signed out service of Durham College using HTML, CSS, JavaScript, and PHP. The site is built for the staff at the sign-out office to monitor back-end data, including records of borrowers, assets, inventory, etc.

Web Developer, Oshawa

February 2020 — March 2020

Worked with a team of six other developers to design and build a mobile app for Lakeview Park tourists to enhance their traveling experience. I was responsible for one specific part of the app, the transportation zone. When users land in the transportation zone, they can view the history of the Oshawa railway in an engaging and interactive way.

Web Developer, Oshawa

January 2020 — March 2020

Lead a team of five fellow students to accomplish a project for Lakeridge Health Oshawa, including designing and building a pre-screening app for testing patients' eligibility for different clinical trials.

👜 EMPLOYMENT HISTORY

Cashier at McCoy Burger, Oshawa

February 2019 — December 2019

- Work together with the front and back kitchen team to deliver the top quality service to customers.
- Communicate with customers, answering their questions, helping them solving problems, and preparing orders for them.

IELTS Teacher at New Oriental Company, Shanghai

November 2016 — May 2018

- Perform vocational training to students who need to pass the IELTS test to study abroad.
- Prepare teaching material to accommodate the different needs of students.

🎓 EDUCATION

Diploma, Durham College, Oshawa

September 2018 — July 2020

Master, Shanghai International Studies University, Shanghai

September 2015 — June 2018
