PROFILE

Contemporary Web Design graduate passionate about front-end design and development. Real-world project experiences, having led multiple projects to completion. Proficient in a range of modern technologies including JavaScript, React, PHP, and WordPress.

PROJECT EXPERIENCE

Apr 2020 — May 2020

Web Developer
Oshawa

Accomplished a site for equipment signed out service of Durham College using HTML, CSS, JavaScript, and PHP. The site is built for the staff at the sign-out office to monitor back-end data, including records of borrowers, assets, inventory, etc.

Feb 2020 — Mar 2020

Web Developer
Oshawa

Worked with a team of six other developers to design and built a mobile app for Lakeview Park tourists to enhance their traveling experience. I was responsible for one specific part of the app, the transportation zone. When users land in the transportation zone, they can view the history of the Oshawa railway in an engaging and interactive way.

Jan 2020 — Mar 2020

Web Developer
Oshawa

Lead a team of five fellow students to accomplish a project for Lakeridge Health Oshawa, including designing and building a pre-screening app for testing patients' eligibility for different clinical trials.

EMPLOYMENT HISTORY

Feb 2019 — Dec 2019

Cashier, McCoy Burger
Oshawa

- Work together with the front and back kitchen team to deliver the top quality service to customers.
- Communicate with customers, answering their questions, helping them solving problems, and preparing orders for them.

Nov 2016 — May 2018

IELTS Teacher, New Oriental Company
Shanghai

- Perform vocational training to students who need to pass the IELTS test to study abroad.
- Prepare teaching material to accommodate the different needs of students.

EDUCATION

Sep 2018 — Jul 2020

Diploma, Durham College
Oshawa

Sep 2015 — Jun 2018

Master, Shanghai International Studies University
Shanghai
